## Experience

---

### Amazin Trips

Remote

FRONTEND DEVELOPER

November 2023 – Present

- Developed accessible and user-friendly web applications for the travel advisory platform.
- Collaborated with UX/UI designers to translate design mockups into functional and visually appealing interfaces.
- Implemented and maintained consistent coding standards and best practices across the frontend codebase.

### Trivox

Remote

SOFTWARE ENGINEER

January 2021 – November 2023

- Developed RESTful APIs, resulting in a 67% decrease in API response times, enhancing real-time updates on vehicle listings and transactions.
- Designed and optimized database schemas, managing a vast vehicle inventory, user profiles, and transaction data, resulting in a 40% improvement in database query performance.
- Contributed to the development of internal tools, streamlining vehicle acquisition, inspection, and listing processes, resulting in a significant reduction in operational inefficiencies.
- Stayed abreast of industry trends and technologies, proposing and implementing improvements in software architecture that resulted in a considerable boost in development productivity.

### Freelance(Self employed)

Remote

FULL STACK DEVELOPER

August 2019 – January 2021

- Successfully completed 18 projects on Upwork, achieving a job success score of 97%, and maintaining a 4.7-star rating across all projects.
- Developed custom full-stack solutions for diverse clients, meeting project deadlines consistently and earning repeat business from 80% of clients.
- Utilized a wide range of technologies, mainly centered around PHP, JavaScript and Python ecosystem, to deliver tailored solutions that met the unique needs of each client.
- Collaborated closely with clients to gather requirements, provide technical consultations, and ensure alignment between technical solutions and business objectives.
- Demonstrated flexibility by working on projects spanning various industries, showcasing versatility and a broad skill set.
- Maintained communication with clients, providing regular updates, addressing queries promptly, and fostering positive client relationships.

### CHA

Lagos, Nigeria

FRONTEND DEVELOPER

April 2018 – October 2019

- Developed and maintained responsive and visually compelling web applications for a variety of clients, ensuring adherence to design specifications and user experience best practices.
- Collaborated closely with UX/UI designers and back-end developers to create seamless and intuitive user interfaces, contributing to a significant increase in user satisfaction.
- Actively participated in client meetings to understand project requirements, provide technical insights, and ensure alignment between development efforts and client goals.
